Mentors can offer valuable perspective from someone who has been in your shoes.

**INSIGHT**
Mentors can offer information based on their experience and answer your non-medical questions about transplant.

**EDUCATION**
Mentors can play an essential part in your care team as someone to share your worries and concerns.

**SUPPORT**
Talking to someone who has had a similar experience can instill confidence, calm nerves, and provide hope to see positive outcomes.

**ENCOURAGEMENT**

**WHAT IS A TRANSPLANT MENTOR?**
A Transplant Mentor is your connection to insight, education, support, and encouragement directly from someone who has traveled a similar journey.

**WHO ARE TRANSPLANT MENTORS FOR?**
Transplant Mentors are a free resource for anyone who:
- Is considering a transplant or living donation
- Has received a transplant
- Is a care partner to any of the above

**WHY GET A TRANSPLANT MENTOR?**
You can never have enough support. Mentees regularly tell us they have had a better experience because they were able to connect with someone who had been through the transplant process themself.

**WHERE CAN YOU CONNECT WITH A TRANSPLANT MENTOR?**
Mentorship can happen anywhere. Mentors can be reached via text, email, phone, and virtual and in-person meetings.

**READY TO BE MATCHED WITH A TRANSPLANT MENTOR?**
